

ALLERGEN INFORMATION CHART - CRACKERS

Simple Mills manufacturing partners thoroughly clean each manufacturing line between production runs to ensure that our products do not come in contact with any of the allergens not explicitly listed on our label. Although there may be allergens processed on the same line or stored in the same facility, our manufacturing facilities utilize a validated cleaning regimen and training procedures that meet or exceed industry standards for allergen management. We therefore use all the tools currently available to prevent allergen cross-contamination in our manufacturing processes.
